Baramati, Maharashtra, India

Career Objective

First-year B.Tech (AI & Data Science) student with a strong foundation in Python, machine learning and computer vision, seeking an internship/placement opportunity to apply and grow practical AI/ML and full-stack development skills on real-world problems.

Education

Vidya Pratishthan's Kamalnayan Bajaj Institute of Engineering & Technology (VPKBIET) <i>B.Tech in Artificial Intelligence and Data Science</i>	Baramati, India <i>Sep 2025 – Jun 2029</i>
Narmada Secondary and Higher Secondary Junior College <i>HSC (Science) – 83.50%</i>	Mangrul, India <i>Jun 2024 – Feb 2025</i>

Technical Skills

Languages: Python, C(Basic), Java(Basic)
Tools: Git, GitHub, Render, Firebase Hosting
Concepts: Object-Oriented Programming, File Handling, Error Handling, Problem Solving
Soft Skills: Communication, Presentation, Strategy

Projects

- AI-Based Smart Attendance System** | *React.js, FastAPI, OpenCV, SFace, Firebase* Personal Project
- Built a full-stack, AI-powered multi-student face-recognition attendance platform with real-time camera-based detection, unknown-person rejection and duplicate-attendance prevention.
 - Designed a dynamic academic management module (academic year, course, branch, semester, division, class, subject) alongside teacher and admin dashboards.
 - Tuned recognition thresholds and confidence checks to prevent misassignment of student identities across multi-face scenarios.
 - Deployed as an installable PWA with HTTPS-enabled camera access on Firebase Hosting + Render, accessible from any device or network.
- Console-Based Banking System** | *Python, OOP, File Handling* Feb 2026 – Present
- Developed a command-line banking application supporting 4-digit PIN authentication, deposits/withdrawals and real-time balance updates.
 - Implemented persistent, file-based data storage to fix balance resets across program restarts, plus timestamped transaction history logging.
 - Applied object-oriented design and structured error handling to build a robust, restart-safe application.

Certifications

Python for Beginners – SkillUp by Simplilearn
C Programming Basics – SkillUp by Simplilearn (Jan 2026)
2-Day Gen AI Mastermind – Outskill

Languages

Marathi: Native
Hindi: Fluent
English: Proficient — Reading, Writing & Speaking
